

Adjacent Numbers

50 Boom cards

Click [HERE](#) for a playable preview

Find the pairs of adjacent numbers that add up to the target number.

This is a fun math activity that disguises mental arithmetic/addition as a fun little game. On each card there are 10 numbers presented in a row and a target number above them. The student must select the pairs of adjacent numbers from the row that add up to the target number. Simple!

The cards start off relatively simple and become progressively more challenging with bigger numbers to scan through.

Which pairs of **adjacent numbers** add up to this target number?

10

4	6	3	1	2	8	7	4	1	9
---	---	---	---	---	---	---	---	---	---

Which pairs of **adjacent numbers** add up to this target number?

5

2	2	3	4	1	7	4	5	4	2
---	---	---	---	---	---	---	---	---	---

Which pairs of **adjacent numbers** add up to this target number?

15

8	3	9	6	9	2	5	10	4	10
---	---	---	---	---	---	---	----	---	----

Which pairs of **adjacent numbers** add up to this target number?

6

3	3	3	3	4	2	8	3	4	1
---	---	---	---	---	---	---	---	---	---
