

Areas 2e & 2f

trapezoids & parallelograms

4 Google forms

16 practice questions twice
(16 x free response & 16 x multi-choice)

Find the area in this collection of area practice questions.

- Trapezoids & parallelograms

Each question features either a trapezoid with two widths and perpendicular height given or a parallelogram with base and perpendicular height given. Calculate the total area of the trapezoid or parallelogram.

There are 4 Google Forms in this product - 2 pairs. One of the form pairs is free response and the other is multi-choice, so you can decide which form to assign to which students based on difficulty. The same 8 area questions appear in the first pair of Google Forms (2e & 2e-multi-choice) and another different set of 8 identical questions appear in the second pair of Google Forms (2f & 2f-multi-choice).

The multi-choice versions of the Google Forms offer 4 simple options whilst the free response versions of the Google Forms require a numeric answer to be typed in.

The forms are designed graphically with clear and bold illustrations both in the questions as well as the multi-choice answers.

- 2e
- 2e-multi-choice
- 2f
- 2f-multi-choice

Areas 2e

Calculate the total area of the yellow shaded area.

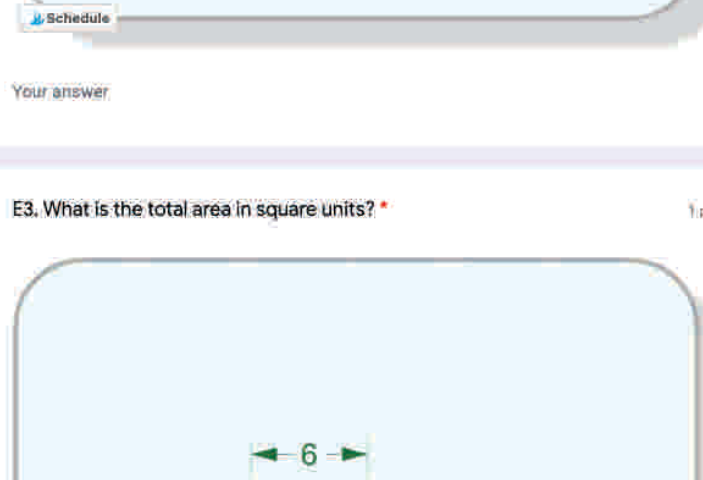

* Required

Enter your name or ID here: *

Your answer:

E1. What is the total area in square units? *

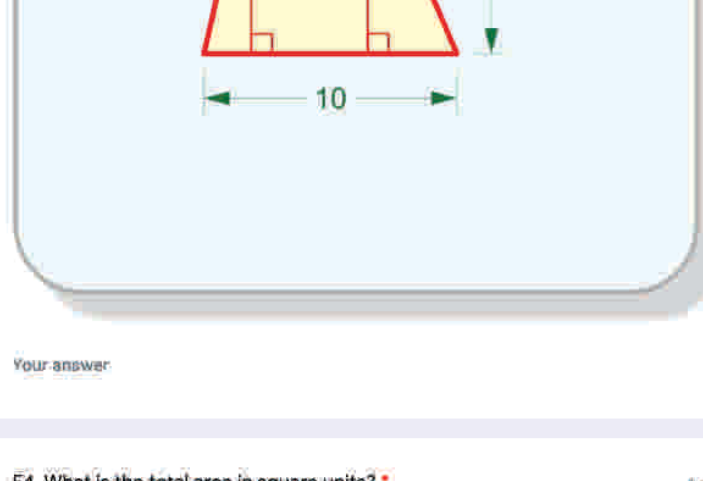

1 point

Your answer:

E2. What is the total area in square units? *

1 point

Your answer:

E3. What is the total area in square units? *

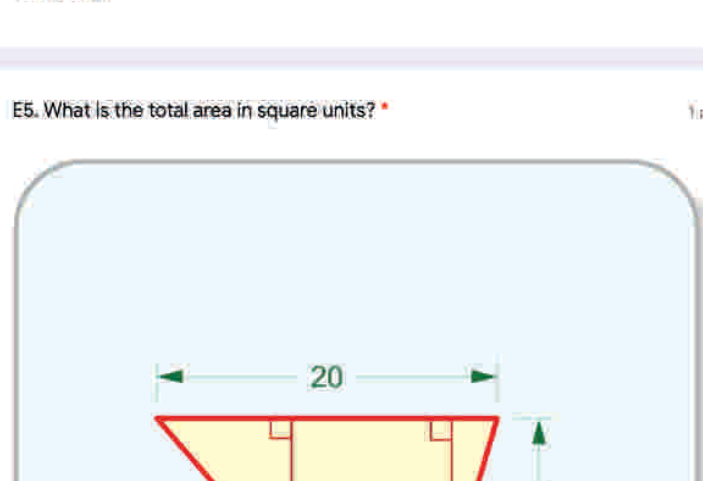

1 point

Your answer:

E4. What is the total area in square units? *

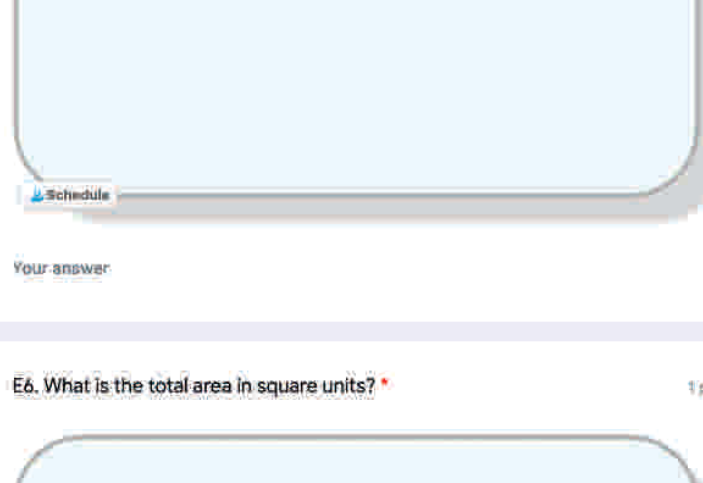

1 point

Your answer:

E5. What is the total area in square units? *

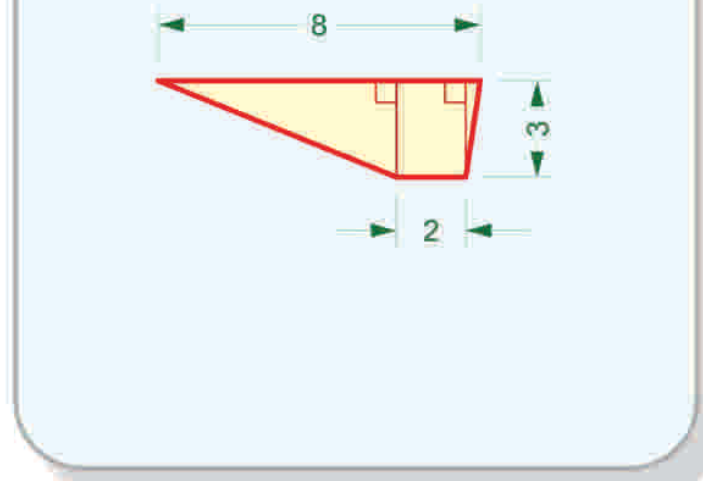

1 point

Your answer:

E6. What is the total area in square units? *

1 point

Your answer:

E7. What is the total area in square units? *

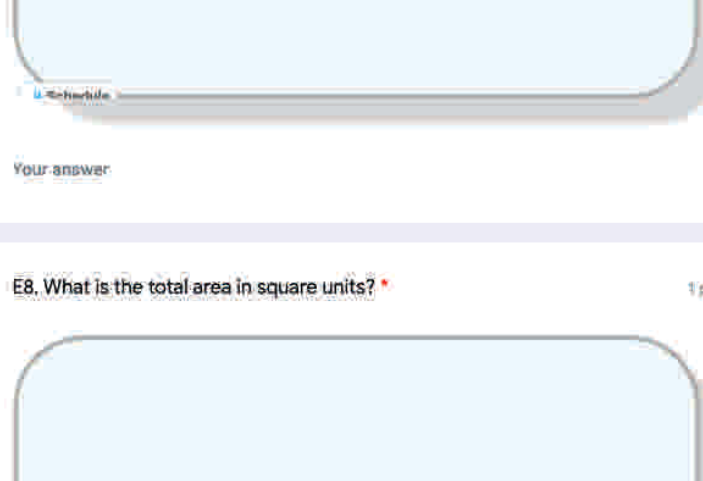

1 point

Your answer:

E8. What is the total area in square units? *

1 point

Your answer:
