

US coins

57 Boom slides

Click [HERE](#) for a playable preview

Learn to count using US coins. Simply click on all the coins that together add up to the amount shown.

Featuring photo-realistic images of the following US coins:

Penny (1¢)
Nickel (5¢)
Dime (10¢)
Quarter (25¢)
Half dollar (50¢)
Dollar (\$1)

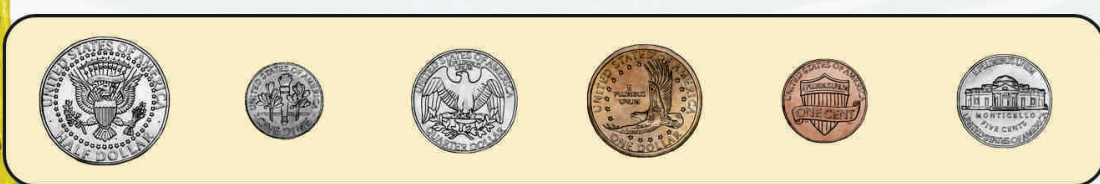

Using these 6 coins, there are 57 unique permutations. All 57 are represented in this deck in random order.

Each time a slide is shown, the 6 coins are shown in a random order.

Select as few or as many of these randomised slides as you need for your students.
