If you like math games and puzzles, you'll love these GOOGLE Slides Crossword math 2 series of crossword number puzzles. These math puzzles are exactly like doing a regular crossword but with numbers instead of words. This is an amazingly fun way to make math seem like play. The crossword 'clues' are math sums you solve to reveal the answers as numbers in the crossword grid. Work your way around the grid until all the solutions are found and the entire grid has been completed. Each GOOGLE slide from this deck has a challenging sum at the bottom which can be used to validate some of the numbers in the main grid.
