8x8 puzzle grids

6 Google slides

Crossword Numbers 2 is like doing a regular crossword but with numbers instead of words. This is an amazingly fun way to make math seem like play. The crossword 'clues' are math sums you have to complete in the grid itself. Work your way around the grid until all the sums are solved. There are dedicated worksheet puzzles for each type of operator (+, -, x & ÷) as well as a bonus extra worksheet with mixed sums featuring a combination of all the operators. An answers sheet is also included to show you where all the numbers go. All the Cross Number task cards in this set are 8x8 grids, with slightly more challenging sums to complete.
