 $3 \quad 5$

2   
 $10$

3

### Logic Puzzles images 'D'

Work out how much each object is worth and write the answer in the space provided!

1   
 $15$

2   
  
 $-3 \quad 16$

3

4

### Logic Puzzles images 'E'

Work out how much each object is worth and write the answer in the space provided!

1   
  
 $7 \quad 10$

2   
 $25$

3

### Logic Puzzles images 'F'

Work out how much each object is worth and write the answer in the space provided!

1   
 $-1$

2   
  
 $-11 \quad 11$

3

4

### Logic Puzzles images 'G'

Work out how much each object is worth and write the answer in the space provided!

1   
  
 $35 \quad 8$

2   
 $15$

3

### Logic Puzzles images 'H'

Work out how much each object is worth and write the answer in the space provided!

1   
 $15$

2   
  
 $-39 \quad 8$

3

### Logic Puzzles images 'I'

Work out how much each object is worth and write the answer in the space provided!

1   
  
 $24 \quad 12$

2   
 $16$

3

### Logic Puzzles images 'J'

Work out how much each object is worth and write the answer in the space provided!

1   
 $4$

2   
  
 $2 \quad 2$

3

### Logic Puzzles images 'K'

Work out how much each object is worth and write the answer in the space provided!

1   
  
 $4 \quad 21 \quad 5$

2

### Logic Puzzles images 'L'

Work out how much each object is worth and write the answer in the space provided!

1   
  
 $12 \quad 12$

2

### Logic Puzzles images 'M'

Work out how much each object is worth and write the answer in the space provided!

1   
  
 $40 \quad 3 \quad 10$

2

### Logic Puzzles images 'N'

Work out how much each object is worth and write the answer in the space provided!

1   
  
 $0 \quad 2 \quad 4$

2

### Logic Puzzles images Answers

Answers for puzzles A through N, showing the value assigned to each object and the final solution for each puzzle.
