

Mystery Picture Math instructions

+

=

1

Each child begins with an empty starting grid.
Print this page multiple times - once for each child.

2

For each child, print out ONE of the 7 question sheets depending on their ability.
All the sheets (with the same letter) produce the same set of numbers.

- 1: Place value (with blocks)
- 2: Place value (10s & 1s)
- 3: Addition (no carrying)
- 4: Addition (with carrying)
- 5: Subtraction (from 100)
- 6: Subtraction (no carrying)
- 7: Subtraction (with carrying)

3

Using the answers from the question sheets fill in the numbers on the starting grid.

When the correct numbered squares are filled in, the mystery image is revealed.
