Word squares 5x5 is a fun BOOM distance learning word puzzle crossword-like game. It consists of a 5x5 grid into which words are written such that the same words can be read both horizontally and vertically.

In this 5x5 version, there are 5 hints provided for each of the 5 words that need to be found. The answer to hint 1 is a 5-letter word that is placed into horizontal row 1 as well as into vertical column 1. The answer to hint 2 is a 5-letter word that is placed into horizontal row 2 as well as into vertical column 2, and so on.

Solve all 5 hints and place the corresponding 5 words, letter-by-letter in the appropriate rows and columns to complete the grid.

HARDER

This is the harder version of this puzzle. All you have to go on are the hints provided, and you have to type in the answers letter by letter.

In the easier version of the game, all the letters that form the answers are provided, so it's more like an anagram game. Solving one word makes it much easier to find the solution to the next, etc.

This deck features audio assist. The instructions and hints on each card can be read aloud by clicking on the speaker icon next to the text.
